Danube-INCO.NET

Danube-INCO.NET is an FP7 funded coordination and support action for the official EU Strategy for the Danube Region (EUSDR) in the field of research and innovation (R&I). Whereas the EUSDR addresses a wide variety of priority areas (ranging from PA 1A „Mobility/Waterways" to PA 11 „Security"), Danube-INCO.NET focuses mainly on two of them: PA 7 „Knowledge Society" and PA 8 „Competitiveness". The project supports the policy dialogue, creates networks, and analyses and supports R&I activities.
A consortium of 19 partners is contracted by EC for period 2014-2016. In Danube-INCO.NET our Steinbeis Danube Center is mainly involved in implementation of work package "Tackling Societal Challenges: Energy Efficiency and Renewable Energy in a Bio-based Economy". SDC is particularly responsible for task "Clustering and Triple-Helix-Networking".

Danube-INCO.NET with SDC

Funding opportunities:
open calls on promoting R&I in energy projects and bio-economy more

Networking for sustainability:
workshops, brokerage events and triple-helix conference more

PA 8 Working Group:
Environmental Technologies and Energy Efficiency; our contribution to the official working group of PA 8 more
