

INDUSTRIAL PARKS, NEIGHBOURING WITH TVER CITY

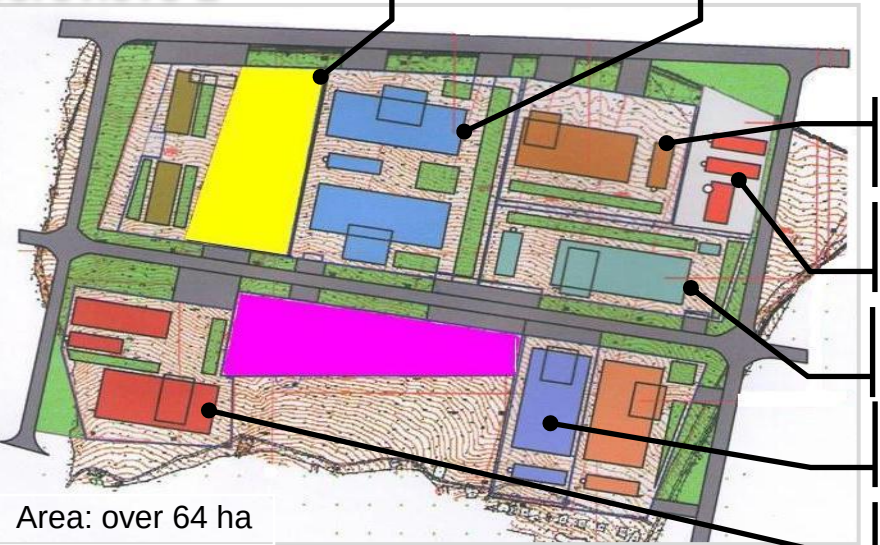

Borovlevo 1

Area: over 65 ha

Borovlevo 2

Auto Premium

Management company

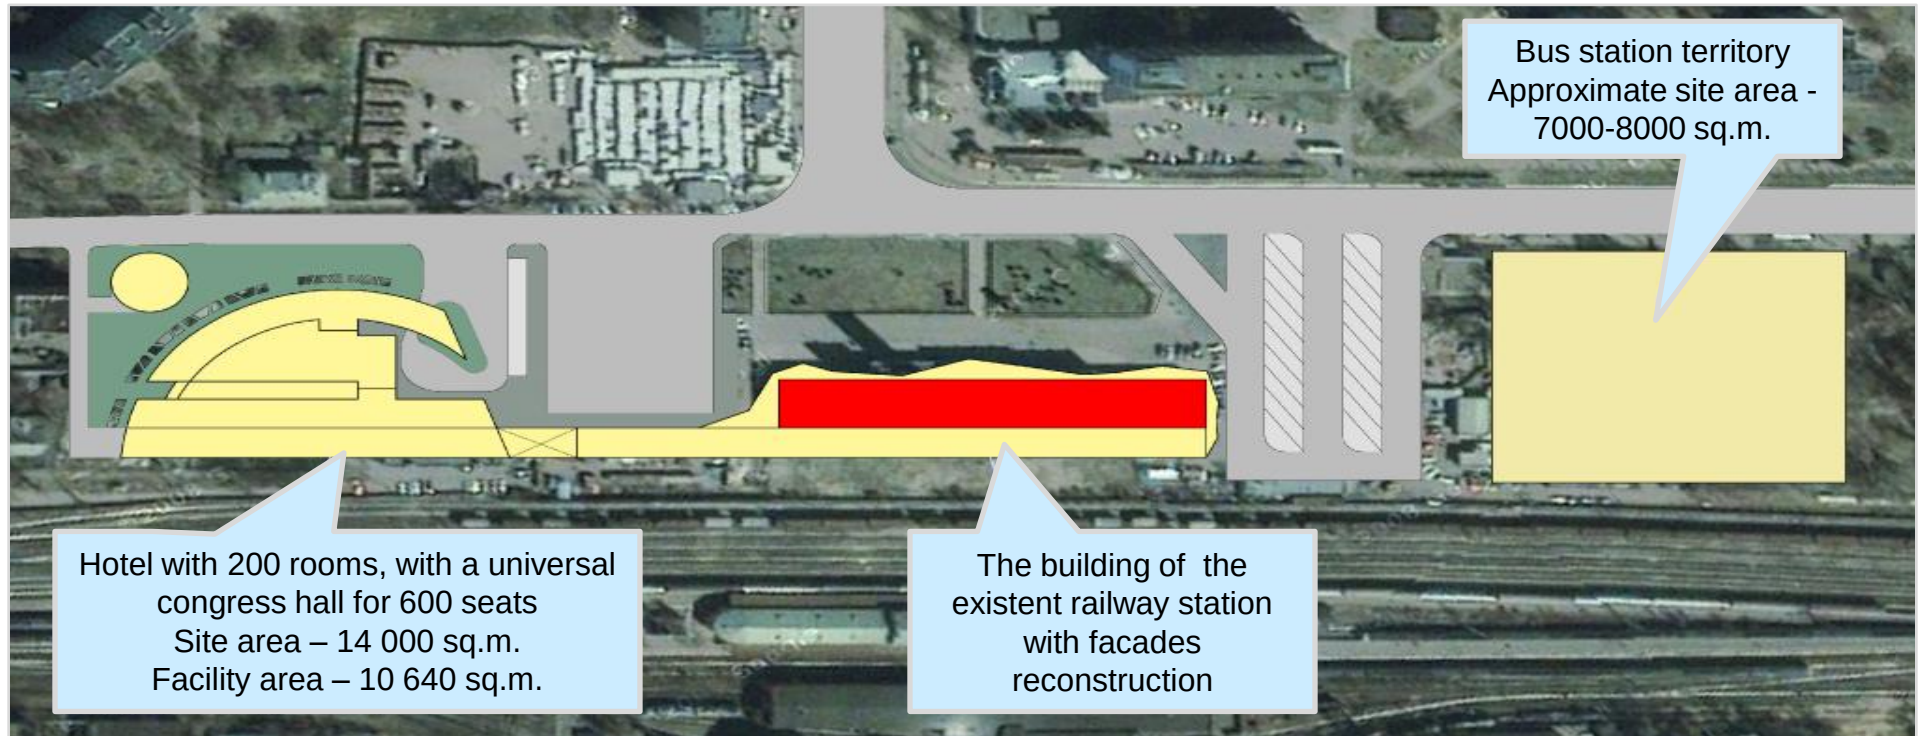

CURRENT INVESTMENT PROJECTS IN TVER CITY

Reconstruction of the railway station and bus station

- ❑ Complete separation of passenger flows by category (long-distance, commuting) and destination (departure, arrival)
- ❑ Creating a developed area for organizing the road ring, bus stops and taxi ranks
- ❑ Creating the intermodal changing platform for intercity and suburban buses
- ❑ Organizing a transport and underground pedestrian tunnel to the north-west side of the railway station

PERSPECTIVE INVESTMENT PROPOSALS

Tram Depot

Functional orientation of the object: housing complex with public stylobate, park and social infrastructure

Department store «Tver»

Functional orientation of the object: the largest exhibition centre of the city and the region, intended for exhibition and congress events of inter-municipal, inter-regional and international significance

Palace of Culture after I.A. Trusov

Functional orientation of the object: house of haute couture
