

28.09.2012: Steinbeis-Day

Steinbeis in Eastern Europe: 3 Centers on the Steinbeis marketplace

Together STC EAST-WEST-Cooperation, Steinbeis-Danube-Center and the Romanian STM exposed on the marketplace of Steinbeis. The visitors got answers to their questions or general ideas of their business opportunities in the East. We thank all visitors and look forward to the continuation of the conversations.

With the Danube-Center on Steinbeis-Day

The visit of the Steinbeis-Day was an important part of the Workshop "Science, Innovation, Education- Get-Together towards Competiveness of Tomorrow" (more). Representatives of ministries, universities and business development corporations from Austria, Croatia, Slovakia, Serbia and Romania used the opportunity to talk directly to several Steinbeis-Centers about their practical experience of successful transfer centers.
