

## Innovation fair in Western Romania

Strategic partnership with Innovation Fair Western Romania

03 +04.04.2013: in Arad, western Romania, the first innovation fair was held. The Steinbeis Danube Center was a strategic partner and actively participated in the event. Main organizers were the West Regional Development Agency, based in Timisoara, Fraunhofer IPA, Stuttgart and Tehimpuls, the first regional innovation and technology transfer center in western Romania.

The event was an ideal platform for the development of innovation projects with Romanian partners. On the Podium of discussions on "Innovation in infrastructure" presented SDZ-Director Raizner- the Baden-Württemberg pilot project for the construction of the Danube-transfer centers. He also pointed out the need of stimulation of innovation of the Romanian industry.

Generally, the projects discussed at the InnoMatch meeting, involves the objectives of the European Danube strategy and are designed eligible.
